	10/07/08 02:09 CST		0	Source: Public
A swath of penny to golf ball size hail fell across a large portion of central Lowndes County generally east of the Highway 45 corridor. On the west side of Columbus, golf ball size hail dented some vehicles and a few windows were broken out of some businesses.				
LOWNDES COUNTY --- 0.2 SW COLUMBUS [33.50, -88.43]				
	10/07/08 02:04 CST		0.13M	Thunderstorm Wind (EG 61 kt)
	10/07/08 02:06 CST		0	Source: Emergency Manager
A storm produced 70 mph winds across Columbus. Numerous trees were knocked down, power lines down, causing power outages. Four homes and a Shell gas station were damage by fallen trees. An apartment complex was evacuated after a fallen tree ruptured the gas line.				
During the early morning hours of October 7th a cluster of thunderstorms developed and moved north across eastern Mississippi. These storms produced a swath of nickel to golf ball sized hail from northern Noxubee County to near Columbus. Wind damage also occurred in Columbus before the storms dissipated.
